

Join us for WRPCO's 2017 Deer Hunt for Disabled Hunters

October 13-15, 2017

Apply for your spot today!

Wisconsin River Power Company (WRPCO) is sponsoring the **9th annual Deer Hunt for Disabled Hunters**. This gun deer hunt is located in the 750-acre Petenwell Wildlife Area, adjacent to the Wisconsin River, near Necedah, Wisconsin.

We encourage all hunters with a Class-A, B, C or D disability permit to apply! Simply go to wisconsinriverpower.com and click on "Deer Hunt for Disabled Hunters." You can also contact Jamie Nuthals at 920-433-1460 or jdnuthals@integrysgroup.com.

Applications are due by June 1, 2017. Apply early as space is limited to no more than 10 hunters. **Accepted applicants will be notified by June 30, 2017.**

Background

The Petenwell Wildlife Area is a wildlife refuge owned by WRPCO and is closed to hunting all year with the exception of the annual gun deer hunt for disabled hunters. Special hunting stands have been designed by experienced hunters who share the same passion for deer hunting. All stands are in ideal sites, and are totally accessible and functional for hunters, regardless of mobility challenges. We provide general transportation to and from the hunting stands.

Requirements

All hunters must have a partner while they hunt. Hunters can bring their own partner or sit with one of our volunteers. Our hunt volunteers look forward to the opportunity and will take care of all field dressing, dragging, tracking, etc. We use cell phone communications between the base camp and the stands so that hunters and their partners can call for assistance at any time. The goal of our volunteers is to provide a quality and successful hunt for all our hunters!

What to expect

WRPCO provides the following activities free of charge:

- **Friday:** Early Friday afternoon hunters will meet for introductions, a safety presentation, and then an afternoon/evening hunt. Following the hunt, participants and guests gather for a dinner sponsored by WRPCO.
- **Saturday:** Early Saturday morning, participants are treated to coffee, juice and a light breakfast. Hunters then head out to their stands before sunrise. Late Saturday morning, the hunters reassemble for a deer camp breakfast. The hunters are then taken back out to their stands for the Saturday afternoon/evening hunt. After the hunt, participants break for the evening. Dinner is not provided.
- **Sunday:** Sunday follows the same morning schedule as Saturday, with the hunt concluding at noon.

Hunters are responsible for:

- Lodging
- Remaining meals
- Personal equipment
- License and deer processing
- Transportation to base camp located at WRPCO's Petenwell Dam near Necedah, Wisconsin.

Please join us! We will do everything possible to ensure you have an enjoyable and productive hunt.
